

2020 WNC/USDGC Ground Rules

All rules based on the current PDGA Official

Rules of Disc Golf with approved variances.

1. Please carefully read Winthrop University Rules. Violators subject to penalty and disqualification. Please park in marked areas only, or prepare to be ticketed or towed.
2. Hazards are in-bounds penalty areas marked with yellow whiskers or yellow capped posts. Discs landing in a Hazard may be played from where the disc came to rest, or from the original lie, with a one-throw penalty. (For tee throws, the decision must be made before leaving the vicinity of the teeing area.) Hazard posts and whiskers are casual obstacles. Relief is limited to relocating to the nearest lie which is no closer to the target, and is on the line of play from the original lie. The Hazard line is part of the Hazard.
3. "OB" is used to represent the out-of-bounds rules. Except as noted in the hole 6, 9, 10, 13 and 17 specific rules, discs landing OB may be played either from where the disc was deemed last over in bounds, or from the original lie, with a one-throw penalty. The posts are part of OB. Red capped posts, whiskers, and the string are not casual obstacles.
4. Throws that land OB on a hole where a player may choose to mark up to a meter in-bounds off the OB line with a one-throw penalty, are not thereby subject to a second penalty if that marked lie happens to be within a Hazard area.
5. Holes 9, 13, and 17 implement Island Greens. Only discs that establish a position in-bounds on the Island Green may proceed to green. Please check each hole's rules for procedure if a throw misses the Island Green.
6. All paved roads and parking lots are OB. Except as noted, all sidewalks are OB. Some roads and sidewalks are delineated by white lines to define the edges. Concrete curbing, where present, is the OB line. The concrete parking lot drains that extend inwards on Holes 11 and Hole 13's island are not part of curbing; they are in-bounds.
7. Except as noted in the hole specific rules, all areas beyond paved roads and sidewalks are OB except where the fairways naturally cross the road or sidewalk.
8. The Winthrop Wetlands area behind Holes 6 and 7 is OB and is off limits. If you throw a disc in, you must leave it. Spotters may be able to retrieve discs later, but they are not allowed access to the wetlands without approval. Violators subject to penalty and disqualification.
9. A throw that misses a mandatory and establishes a position in OB or Hazard is played and penalized according to the mandatory rules. Note: Mandatory lines extend into the OB and Hazard.
10. Players may obtain relief from fire ant mounds in accordance with rule 803.02A. Players may also obtain relief from bees, wasps, hornets, and yellow jackets.
11. All fences and areas beyond are OB. Discs may be retrieved after play has concluded for the day with permission of the property

owner. The fences themselves are also OB. If the disc comes to rest on the "wrong" side of the fence, the disc is OB.

12. "Red-and-White" posts mark OB areas; "Yellow-and-White" posts mark Hazard areas. The lower string/rope near the ground is the official line for both Hazard and OB. If the string/rope appears to have been moved, consult an official.

13. The 2 Meter rule is not in effect.

14. Drop zones/spots on holes 6, 10, and 17 are the only drop zone/spot available for OB throws. All other drop spots are available only for missed mandatory. There are no drop zones/spots for Hazard throws.

Frequently Asked Questions (FAQ) - General

Question: What guideline should be used to make a call?

Answer: If it is clear, make the call; if it is not clear, don't call it. Regardless of the player, the circumstances, or the degree of infraction, make the call when the violation is clear. Do it every time. Never make a call if you are unsure. Following this idea will reduce acrimony, increase consistency, and enhance fairness.

Question: Chain Link Fences – What is the ruling for a throw that flies over a chain link fence and comes to rest leaning against the OB side of the fence?

Answer: Shots that come to rest leaning against the OB side of the fence are deemed not to have broken the in-bounds plane regardless of the flex or curve of the fence.

Question: The disc comes to rest above 2 meters, what is the ruling?

Answer: The "2-Meter Rule" is NOT in effect for the entire course. Discs that come to rest above the playing surface should be marked directly below in accordance with 805.01C, with no penalty, unless they are suspended above OB or Hazard.

Question: What happens if someone's putt or approach lands in the OB?

Answer: The OB rules applies for all throws including putts.

Question: What happens if a player throws multiple discs into the OB? Can they be retrieved?

Answer: A player may retrieve OB throws (unless prohibited by the rules such as throws beyond fences or in the wetlands area) but the player is subject to Rule 802.03 (Excessive Time). This will be relaxed for a player who has thrown 5 consecutive throws into an OB. The player may also try to borrow a disc from a group mate, but only if the borrowed disc is distinct from those in play.

Question: What scorekeeping error(s) can incur penalties?

Answer: The player is penalized only if there is an error with his or her official hole scores or official total score. The player will not be penalized if his or her score is incorrectly recorded on a groupmate's card. There is no penalty for not recording UDisc statistics or for errors in recording UDisc statistics.

Question: What if a player makes a mistake or decides not to follow the scoring procedure?

2020 WNC/USDGC Ground Rules (continued)

Answer: See above answer for error in player's official score. If a player inadvertently makes an error recording the score(s) of a group mate, the player will not be penalized. However, deliberate errors or refusal to follow the procedure will result in a 2-throw penalty and potential disqualification. All members of the group are required to review the group scores together in the scoring area.

Question: What if a throw misses a mandatory and comes to rest in OB or Hazard?

Answer: WNC/USDGC policy treats a throw that misses a mandatory and that also establishes a position OB or Hazard as missed mandatory. Note: Mandatory lines extend into the OB and Hazard.

Question: Can a player ask staff, spectators, or another player to move or to move their equipment?

Answer: Players, staff, spectators and their equipment are not obstacles and a player can ask that they be moved.

Question: What is the target schedule for holes 13 and 17?

Answer: US Doubles, USDGC Monday Qualifying, and WNC/USDGC Rounds 1 & 4: A. WNC/USDGC Rounds 2 & 3: B.

FAQs – Hole Specific

Hole 3 – Question: What is the ruling on a throw that establishes a position on the street or short of the street?

Answer: OB. Retee with one penalty throw.

Question: What is the ruling for a throw that establishes a position on or near the fenced area?

Answer: The player may obtain relief in accordance to 803.02A. The disc may not be retrieved from within the fenced area.

Hole 4 – Question: A disc is seen going towards or into the Leland Cypress but can not be located. What is the call?

Answer: Lost Disc. Throw from previous lie with a 1-throw penalty.

Question: Can a player use the Hole 4 drop zone for OB throws from the tee or fairway?

Answer: No, the drop zone on this hole is to be used only for throws that miss the mandatory.

Hole 7 – Question: Can a player reach through the bamboo fence to throw?

Answer: No. Discs must pass through the designated triple mandatory.

Question: From inside the bamboo fence, can a player hold onto the bamboo while attempting to throw?

Answer: Yes, but only if the bamboo is farther from the hole than the lie. Also, the player must demonstrate "full control of balance before advancing toward the target" per 806.01B if the lie is within 10 meters. Players are allowed one meter of relief perpendicular to the mandatory line closer to the target after having passed correctly through the mandatory.

Hole 8 – Question: Can a player use the Hole 8 Drop Spot for OB throws from the tee or fairway?

Answer: No, the Drop Spot on this hole can be used only for throws that miss the mandatory or go OB from this Drop Spot.

Holes 11, 12, 13, 14 – Question: What is the nature of the concrete curbs for the road and parking lot?

Answer: Concrete curbs, where present, are out of bounds.

Hole 12 & 14 – Question: What if my disc comes to rest on the concrete sidewalk?

Answer: The concrete sidewalk is in-bounds on holes 12 and 14. Play as normal in-bounds.

Hole 17 – Question: When can a player proceed to the Drop Spot?

WNC Answer: After 1 throw that is deemed OB, the player may re-throw or go to the Drop Spot short and left of the green. If a second throw, from either the tee or the Drop Spot is deemed OB, player may proceed to the Drop Spot on the green.

USDGC Answer: After 3 TOTAL throws that are deemed OB, the player can go to the Drop Spot on the green. That includes shots from the tee and subsequent in-bounds lies.

Question: What is the throwing order after a player throws OB?

Answer: The player who threw OB is still up until they successfully throw a disc in-bounds or can advance to a Drop Spot.

Hole 18 – Question: Is there a limit to the number of people allowed on the teeing platform?

Answer: Yes. Only one player may be on the platform at a time.

One final note: Please respect the staff and media who are here to help, witness, and document the tournament. Not all know the rules as well as the players, so be courteous and thank them for being there.
