Our journey began as two champions and an idea... bring the best discs and gear to everyone. In 1983, we founded Innova.

Decades later, we remain driven to innovate. Some players simply enjoy the fun of spending quality time outdoors with family and friends, while others are highly competitive, aspiring to be World Champions.

Our dedication to grow disc golf continues. Youth disc golf is thriving with the EDGE program and we continue to help grow women's disc golf through our support of Throw Pink, the Women's Global Event, and the hundreds of events we sponsor each year.

What you see within this catalog is our passion and commitment to the people and to the game.

In 1984, one year after we founded Innova, there were only 255 courses in the US and 6 in Canada. Now, there are over 7,000 disc golf courses around the world with over 5,900 courses in the US and Canada.

The growth of disc golf is now visible everywhere. 2016 saw several appearances on ESPN Sportscenter while Philo Brathwaite's Albatross became the shot seen around the world. Google "**Philo albatross**" and you'll be amazed.

If there's a course near you, it's likely that there are players looking to buy discs, bags, and more. Our name has been synonymous with disc golf for over 33 years because we know what players want. We hope you choose Innova, like so many champions and casual players have since we molded our first discs.

30 YEARS OF THE ROC

12x World Champion Ken Climo

Roc: *a legendary bird of great size and strength believed to inhabit the earth*

Introduced in 1987, the Roc was among the first discs that gave players unprecedented control AND distance. Compared to many discs available then, a new Roc was overstable and could be trusted more than any other disc. Just like today, players would bag a variety of Rocs because they truly do get better with age. The Roc transformed the game.

Throughout the years, discs have come and gone, but the Roc has spread its wings and soared. It has become legendary, like the mythical bird of lore.

The Roc celebrates 30 years of amazing flights in 2017.

/GOLF DISCS/DISC TYPES

DISTANCE DRIVER

Distance Drivers are at the pinnacle of golf disc design. They offer players more distance off the tee than other types of golf discs.

Beginners may find Distance Drivers more challenging to control. Proper technique is useful to get the most flight out of these discs.

Benefits

- Deliver maximum distance off the tee
- Our widest selection of models offers a disc for every player's skill level
- Boss (page 19) holds the World Distance Record of 1108 feet (338 meters)
- For courses with water hazards, we offer floating drivers including the Wahoo (page 22), and any Blizzard or Star model under 140 grams floats too

FAIRWAY DRIVER

Fairway Drivers are designed to offer players more accuracy than Distance Drivers without sacrificing too much distance. These are used when keeping the disc on the fairway or green is more important than maximum distance.

Benefits

- Deliver dependable distance control for consistent, accurate driving
- Valuable disc for shorter, controlled drives and long approaches
- Easier than Distance drivers for beginners to throw
- Help to increase confidence through added control and consistency
- Leopard (page 33) should be everyone's first Fairway Driver

/GOLF DISCS/DISC TYPES

MID-RANGE DISC

Mid-Range discs are great for all types of shots. Mids are often recommended for “your first golf disc” for their ease of use and forgiving nature. Players who can master the Mid-Range can carve up a wooded course.

Benefits

- Designed to provide accuracy and control for mid-range, approach shots and short to medium length drives
- Consistent flights for hard to navigate sections of the course
- Roc is the Mid-Range disc of choice for competitive players (page 39)
- The Atlas uses our unique in-mold process, giving it some of the straightest flights available (page 37)

PUTT & APPROACH

Putt & Approach discs fly true at low and medium speeds, which is highly desirable when putting. These discs are also great for approaches and short drives. The quickest way to lower scores in disc golf is mastery of your Putter.

Benefits

- Dependable, accurate and inspires putting confidence
- Ideal for controlled upshots, short drives and “go for it” shots
- Available in a variety of different models and plastics to match unique putting styles and grips
- Aviar is the most popular golf disc ever produced (page 48)

/GOLF DISCS/PLASTICS

INNOVA OFFERS A PLASTIC FOR EVERY PLAYER AND SITUATION

STAR FAMILY

STAR

Innova's Star plastic offers the best combination of grip and durability. Bright colors and slow wear mean players can throw Star discs for a long time. StarLite achieves lighter weights down to 130 grams ideal for kids and newer players.

BENEFITS

- SUPERIOR GRIP
- ALL-WEATHER PERFORMANCE
- LONG-LASTING DURABILITY

| | |
|------------|---------|
| STAR | \$16.99 |
| STAR ATLAS | \$19.99 |

GSTAR

Innova's GStar is highly grippy and slightly softer than our standard Star material. Flexibility and grip exceeds our other premium plastics. The G stands for grippy.

BENEFITS

- BEST PREMIUM GRIP
- GREAT FOR COLD WEATHER
- LONG-LASTING DURABILITY

| | |
|-------|---------|
| GSTAR | \$16.99 |
|-------|---------|

ECHOSTAR

Innova's EchoStar is a premium plastic made from recycling discs that did not meet our quality control standards. The result is buttery smooth plastic at a great price. Made from at least 50% recycled plastic.

BENEFITS

- BEST PREMIUM GRIP
- GREAT FOR COLD WEATHER
- BETTER GRIP THAN STAR

| | |
|----------|---------|
| ECHOSTAR | \$15.99 |

DISC FLIGHT CHARACTERISTICS

Each disc uses a unique airfoil design that will react differently when thrown.

Red flights (●, ●, & ●) will require more power or advanced technique to achieve full flight. These are only recommended for experienced players or windy play.

Green flights (●, ●, & ●) are better for newer players, these discs are more forgiving and will fly farther with less effort.

Orange and yellow flights (● & ●) are our straightest fliers in their speed category. These are discs designed for controlled flight in most conditions.

TEEBIRD3

The TeeBird3 represents the evolution of the TeeBird. Many people have described a lot of discs as a "faster TeeBird", but this is the real deal. The flat flight plate promotes speed while reducing glide, effectively producing consistent, accurate flights. This is a point and shoot, target specific Fairway Driver.

SHARK

Point and shoot predictability is why the Shark is our best-selling Mid-Range. The Shark features the predictability of a Roc, but with a straighter flight. This is one of the best all around discs for a beginner, but don't tell that to top pros. Because they count on it for one reason: Predictability.

VROC

The VRoc is an improved Roc that flies just like a trusty worn in Roc only with more torque resistance and a little less fade. It has slightly longer range than a Roc as a nice bonus. The VRoc is good to go for shot shaping Mid-Range duty right out of the box.

MAKO

The Mako is a large diameter Mid-Range disc. It is our straightest flying and straightest finishing Mid-Range disc. It has the flight characteristic of a Putter, with the glide and speed of a Mid-Range disc.

[SPEED: 4] [GLIDE: 5] [TURN: 0] [FADE: 0]

WOLF

The Wolf features the Thumtrac® for great grip and reliability. It is great for threading narrow fairways as well as turnover shots. A skilled player can get lay down some amazing rollers with a Wolf. Beginners will be able to maximize the flight better than most other Mid-Ranges.

[SPEED: 4] [GLIDE: 3] [TURN: -4] [FADE: 1]

DX WOLF 150-180 GM \$9.99

DISC FLIGHT CHARACTERISTICS

Each disc uses a unique airfoil design that will react differently when thrown.

Red flights (●, ●, & ●) will require more power or advanced technique to achieve full flight. These are only recommended

for experienced players or windy play.

Green flights (●, ●, & ●) are better for newer players, these discs are more forgiving and will fly farther with less effort.

Orange and yellow flights (● & ●) are our straightest fliers in their speed category. These are discs designed for controlled flight in most conditions.

CUSTOM DISCS

Think of some of the most memorable discs you've seen over the years. Most of them probably had a custom stamp. Our Custom Disc department can take just about any image you cook up and bring it to life on your favorite Innova disc or on special models not available anywhere else.

Custom Discs are often used for fundraising and publicizing disc golf events, clubs, and new courses, but their value doesn't stop there. From corporate logos to commemorating birthdays, weddings, and other functions, Custom Discs can put whatever you want to say front and center. And years later, your friends or clients will still be throwing and talking about them.

DISCMANIA PLASTICS

D D-LINE

Lots of grip even in wet conditions. The most affordable plastic in our line. Soft but firm feel – ideal for putters. Fine-tuneable flight characteristics thanks to gradual wear.

P P-LINE

Great feel and added glide. Easily one of the grippiest plastic types out there. Reveals new features in your disc when worn down. P-line plastic is typically a bit more understable.

C C-LINE

Our most durable plastic. Performs predictably and avoids damage better than any other plastic. Typically the most stable blend of plastic in our lineup.

S S-LINE

Excellent grip in all weather conditions with great durability. S-line is the recommended plastic for drivers.

G G-LINE

The G-line provides great grip, durability and shock-absorbance. It is a flexy plastic blend with a unique look and added glide compared to the S-line plastic.

X X-LINE

The X-line is a new blend of plastic that takes the best features of the D-line and our P-line material while remaining nice and firm structurally. The end result is probably our grippiest plastic to date, which makes the X-line plastic perfect for putters. It is a plastic blend that wears slower than the D-line, but is still fine-tuneable like the D-line plastic.

B BLIZZARD C-LINE

Blizzard C-line employs microscopic air bubbles inside the rim of the disc, allowing the production of high speed drivers in very low weights. With lower weights you can throw farther with less effort.

P1

"MANIAC"
PUTTER

DPCS

2300

The P1 flight characteristic is straight at high and low speeds. The P1 is ideal for a putter and it works as an approach disc, too. This is one of the truest flying putters out there. Great choice for all skill levels.

PUTTERS

P2

"PSYCHO"
PRO PUTTER

DPSGX

2301

The P2 is significantly more stable than its older brother the P1. The P2 works for wrist-putts and fade-in shots inside and outside the circle. Great for approaches and can even tackle strong headwinds. It is also a consistent driving putter.

P1x

BEADED
PUTTER

DX

2300¹

The X-Factor of the P1x is its medium sized bead along the bottom rim of the disc. The P1x can handle torque better than just about any other putter on the market while still maintaining a straight and true flight path.

P3

PUTT &
APPROACH

DC

3203

The P3 is fast for a putter and a torque resistant flyer. It has lower profile than a normal putter. The P3's best weapon is its versatility – it is an awesome flyer off the tee and a great tool for putting too. For the fans of fade-in putters this disc is a must try.

QUOTES ON THE P2

"THE BEST COMBINATION OF A PUTTER, APPROACH DISC AND A DRIVER I HAVE DESIGNED."

- Dave Dunipace, Innova Discs CEO

"THE BEST PUTT & APPROACH DISC IN THE MARKET. VERY CONSISTENT IN ALL CONDITIONS."

- Eagle McMahon, Team Discmania

MD

MIDRANGE

MD2

"FIEND"
MIDRANGE
DRIVER

DP CS

4 5 0 2

The MD2 is a 21.7 cm midrange disc that is very versatile to both recreational golfer and touring pro. Straight flying, stable, quick and accurate, this disc will hold whatever line you put them on. Natural grip for a smooth and controlled release every time.

GM

"GREMLIN"
GREATER
MIDRANGE

DS

5 4 0 2

A hybrid between a midrange disc and fairway driver is the best way to describe the GM. You may have seen this disc before as it was a staple in the Innova line for many years. We added this disc as it is a great fit for the Discmania lineup.

FD

"JACKAL"

The FD offers so much controllability, that once you learn its magic you'll never take it out of your bag. The FD is at its best when you need to make an accurate drive that needs to land smoothly on the fairway.

QUOTES ON THE FD

"SIMPLY THE BEST FAIRWAY DRIVER ON THE MARKET."

- Dave Dunipace, Innova Discs CEO

"THE STRAIGHTEST FLYING DRIVER OUT THERE. THERE'S NOTHING IT CAN'T DO."

- Simon Lizotte, Team Discmania

DRIVERS

SPEED 7-10

FD2

FAIRWAY
DRIVER

C

7 4 0 2

The FD2 is a reliable workhorse fairway driver. It's not too too glidey to avoid you from sailing off-target and it has a low speed fade you can depend on. The more power you put behind this disc, the straighter lines you will see. When thrown more gently, the fade will kick in earlier making cutting corners easier.

FD3

FAIRWAY
DRIVER

CS

9 4 0 3

The FD3 is targeted at everyone who can appreciate an overstable driver that you can trust in all conditions - from touch sidearms that get you out of trouble to full power drives off the tee.

CD2

CONTROL
DRIVER

CG

9 5 -1 2

The CD2 is a disc for those hungry for control. It provides you with enough stability to conquer most headwinds and a reliable low speed fade that takes you underneath the basket. The majority of players can trust the CD2 as their main driver in a wide range of situations.

CD

"CRAZE"
CONTROL
DRIVER

PS

10 5 -1 2

The CD is an all purpose driver that has good range and great reliability in most wind conditions. It can be thrown to fly straight, on a soft hyzer and it can even be used for long turnover shots. The CD is easy to throw, versatile and reliable.

TD2

"FEVER"
TURNING
DRIVER

SG

10 5 -4 1

The TD2 is best suited for anyone seeking to get more distance with less effort. The Fever is by far the most understable disc in the Discmania lineup. Packed with extra glide, this disc is easy to throw far with little effort. Awesome for rollers and long turning shots for intermediate to pro players.

TD

"RUSH"
TURNING
DRIVER

DCS

10 5 -2 1

The TD is an easy-to-throw disc suitable from beginners to top level pros. The TD has a comfortable smaller rim grip that offers a lot of glide. When thrown with the right amount of force, this disc just keeps on going straight – almost like floating in the air!

DISCATCHER® PRO 28

The DISCatcher Pro is installed on more disc golf courses than any other brand. The DISCatcher Pro was designed to be highly visible on the course and catch putts and aces like a boss. Each DISCatcher Pro has a 28 chain assembly featuring 14 outer chains and 14 inner chains. More chains provide improved “catchability”. The basket tray features 14 spokes and an extra stabilizer ring adding rigidity while improving disc containment.

The DISCatcher Pro represents the state of the art in disc golf target technology. It is a favorite of parks departments and course professionals — For the last 10 years the DISCatcher Pro has been chosen more than any brand for new course installations. The bright yellow band improves visibility from the tee and also distinguishes the disc golf course to other park visitors.

The DISCatcher Pro has always represented the state of the art in disc golf target technology. The Innova DISCatcher Pro is the best catching and most visible disc golf target.

The DISCatcher Pro was designed to improve scoring from near and far. There is no better choice for players.

A BETTER MOUSETRAP

The DISCatcher® Pro was redesigned to catch better than ever. We added more chains and reinforced the basket tray. Great putts stay put.

HIGH VISIBILITY TARGET TOP

Our yellow powder coated target top makes the DISCatcher Pro highly visible. All stainless steel construction makes it long-lasting and low maintenance.

BUILT TO LAST

Hot-dip galvanized basket, pipe and chains allow our targets to weather the elements for years. Our target tops are made entirely from stainless steel.

28 LAYERED CHAINS CATCH BETTER

14 outer chains and 14 staggered inner chains - Three layers of chains catches more shots. Players want more putts to stick. Our new configuration catches more putts.

INSTALLATION TUBES INCLUDED

Don't pay extra! DISCatcher Pro permanent target prices include locking collars and installation tubes.

PDGA "CHAMPIONSHIP" APPROVED

DISCatcher Pro permanent and portable models have received Championship certification by the PDGA. It is ideal for all levels of tournament play.

ANATOMY OF A DISCATCHER®

Target Top - Visible and Durable. Its construction is all stainless steel. Each target top is also powder coated bright yellow to provide great visibility on the course.

Chains - Made to catch discs and withstand abuse. 28 strands of galvanized 2/0 chains. (14 outer chains and 14 inner chains at alternating distances from the center pole)

Basket - Redesigned with 14 spokes and an extra ring for structural support. 10" deep basket helps prevent discs bouncing out. Galvanized 3/8" steel rod construction.

Pole - Our hot-dip galvanized 74" pole is made with sturdy 1/8" walls. Each is pre-drilled for target top, basket, and collar hardware.

Locking Collar - Hot-dip galvanized finish. Securely fits over pole and is mounted with tamper resistant screws.

Installation Tube - 24" long hot-dip galvanized steel tube. Provides a snug fit for the target at PDGA approved height. Aligns with locking collar for security.

Redesigned basket tray helps keep good putts in.

DISCMANIA LITE BASKET

The LITE Basket is a game changer in the lightweight practice basket market.

Weighing in at an amazing 18 pounds, the LITE Basket uses a unique mesh-like chain configuration that reduces putt rejection.

By linking the vertical chains with horizontal connector chains, the ability to “spit through” is virtually eliminated.

Easy to assemble and disassemble, this target is designed to go anywhere. It can easily fit in a car trunk, and is a great temporary target for those safari holes.

The LITE Basket has the lowest price of all the metal targets in our lineup, as well as having one of the lowest target prices on the market. Period.

/DISC GOLF COURSE DEVELOPMENT

TRUST THE DISC GOLF EXPERTS

Good disc golf course design, simply put, provides lasting value. That's easily seen as players return year after year to a course filled with challenge and memorable holes. However, a well-designed course has more than just cool disc golf holes.

Taking into account safety, land conservation, future course needs, and cost control, an ideal course can coexist with its surroundings and be a self-sufficient asset. A good course will not only be embraced by local disc golfers but also by the greater community.

The Innova Course Design Team has decades of experience in good design and we can refer designers to help with any phase of your project.

/RUNNING A TOURNAMENT

SUPPORT AT EVERY LEVEL

We want to make more disc golf possible at every level. That's why we back today's biggest events like the PDGA World Championships, the US Disc Golf Championship, the US Women's Disc Golf Championships, and Europe's finest action. But, we also provide sponsorship, equipment, and guidance to local start-up tournaments, which are just as important to building the game.

RUNNING AN EVENT: THE BASICS

No matter the size of your event, we can tailor our resources and know-how to fit your needs. Wondering how to run an event? Here are a few main points to help get you started:

1 PURPOSE

What type of event do you plan on running? Is it a small local affair? A club championship? Or maybe a charity event like Throw Pink or the Ice Bowl? Figure out the type of event you want to run. It helps to know your audience and what they are used to.

2 REGISTRATION

Processing player registration and event fees early and smoothly is crucial to setting an event in motion. DiscGolfUnited.com provides an advanced online registration system that is simple to use and free to setup, making your life much easier.

3 FUNDRAISING

Every event could use some extra dough, and through Innova's Custom Fund Raising (CFR) - you can do that while providing sweet custom discs to your disc golf community. For additional support, seek out area businesses to be hole sponsors or donate supplies and food.

4 MERCHANDISE

From leaderboards to banners to prizes, they're all in our warehouse ready to make your event that much better. Plus, call us for our latest Player Pack deals.

/TOURNAMENT ESSENTIALS

WE CAN HELP YOU RUN EVENTS

Innova has been helping tournament and event directors since our inception in the early 80s. Whether you are running your first event or your 100th, Innova has products, supplies, and services to help things go smoothly.

PORTABLE LEADERBOARD

This compact, tri-fold leaderboard is a must have tool for any tournament or league. It measures 4' tall - 2.5' wide when opened and 9.5" wide when closed. It is lightweight, portable, and convenient. Made from durable denier polyester. Featuring: 3 rigid internal backboards, metal grommets for hanging, reinforced double stitching, rubberized footer, card slots for 18 holes of 5 players. Supports 90 players.

PORTABLE LEADERBOARD \$99.00

GOLF PENCILS (BOX)

You'll need to have pencils available for players. Our pencils have erasers and are good quality graphite. 144 per box.

GOLF PENCILS (BOX) \$25.00

TD HAT

This hat will help keep you cool when the pressure is on. It is made of a wicking fabric which allows perspiration to dissipate. It also identifies you as the person in charge. As a tournament director you'll wear many hats, but this might be the coolest.

TOURNAMENT DIRECTOR HAT \$25.00

/SPONSORSHIP OPPORTUNITIES

DISCATCHER® TARGET SUPPORT

Innova offers reduced pricing to qualified events on several DISCatcher® models. These targets may be awarded as trophies or prizes. Consider holding a raffle, ring-of-fire, or hole-in-one contest to entertain players and raise additional funds.

SPONSORSHIP SHOPPING CART

Qualified events that complete a custom hot-stamp order become eligible to receive bonus event sponsorship at no additional cost. Innova issues SSC credit based on the size of your event custom order. Events then use the SSC credit to hand pick additional prize merchandise.

*CFR price supported discs are not eligible for SSC credit.

/THROW PINK

PLAY DISC GOLF, FIGHT BREAST CANCER

Supporting a good cause is always worthwhile. But, supporting a good cause while playing disc golf is worthwhile and fun. That's what Throw Pink is all about. Since 2013, the non-profit has encouraged women and girls to get out and play disc golf while raising money for breast cancer charities.

Disc golf is already known as one of the most fun ways to exercise. Through Throw Pink, those 18 holes can help build a strong defense against breast cancer.

Help put an end to breast cancer by featuring Throw Pink at your disc golf tournament or event from March through October. And, show your support of Throw Pink's cause with Throw Pink gear including custom discs, targets, and apparel. Sales benefit Throw Pink.

For more information go to ThrowPink.com or find Throw Pink on Facebook.
