

“Fun, Fast, and Social for Everyone.
aceplace is the Pickleball of Disc Golf™”
Harold Duvall ~ Two-Time Disc Golf World Champion

Aceplace offers a genuine disc golf experience in a size that's convenient and quick to play. Designed to occupy a small tract of land the aceplace course features beginner friendly hole lengths that are fun for all ages and skill sets.

Aceplace features equipment from Innova, the worldwide leader in disc golf, the full **aceplace** package includes course design and installation along with all the equipment and signage to get your course setup and ready to play.

Consider **aceplace** the perfect turnkey solution for communities, organizations and neighbourhoods that want to develop an underutilized green space or enhance a multi use recreational asset.

DESIGN

Search "aceplace" on [Udisc.com/courses](https://www.udisc.com/courses) for existing aceplaces

Design Expertise

Enlist **aceplace** design services to develop a fun and easy to implement design that highlights the landscape's natural features and keeps people coming back. Course design services are provided by **aceplace** designers with years of experience designing disc golf municipally.

DISCatcher Pro 28 Baskets

Built by Innova and recognized as the industry's number one disc golf basket. The basket top is powder coated steel with galvanized steel chains. The basket, pole and installation sleeve are also galvanized. Innova protects your investment with a **20-year** manufacturer warranty.

aceplace Support

Once the course is designed, we will ensure the installation is a success and that your disc golf community is supported. This includes advising on equipment and material options, tournament and event guidance, community disc golf programming, social media promotion and sports tourism publicity by listing your course on UDisc, the go-to online resource for disc golfers.
